

Livestock Biosecurity Workshop

On-Farm Practices

1. Write down 10 things you do on your farm currently that could be considered biosecurity controls or practices.

- _____
- _____
- _____
- _____
- _____
- _____
- _____
- _____
- _____
- _____

2. List five additional biosecurity practices you could relatively easily implement on your farm but have not yet done so.

- _____
- _____
- _____
- _____
- _____

3. Identify any major biosecurity challenges in your farming operation, i.e. have to share equipment, layout of buildings, neighbouring farms, etc.
